

RUMNEY FIRE COMMISSIONERS
MEETING MINUTES
JULY 9, 2018

Present: Cam Brown, Terry French and Chief Coursey
Secretary: Diana Kindell

Chairman Brown opened the meeting at 7:00 pm.

The minutes of June 12th were approved with a change.

EMS: Dan was not present and no report was available.

Lighting: One of the fixtures in the meeting room works at will only. It was decided to get two more quotes to replace the fixtures here and in the kitchen with LED strips and have a couple of outlets repaired. Also, check with NH Electric Coop regarding their 50/50 grant – the usage here should qualify us for their help.

Furnace: We just learned the Facilities Committee is not working on a replacement heating system for the station. We have one quote and will work to get a couple more as this needs to be replaced before heating season.

Updates: Beckett has purchased the MD Tractor building and plans to put in a gym, wood working shop and vehicle repair area. We met there with the Fire Marshall and discussed their plans with Kellen Bizel. It was determined they would hire a fire engineer to draw up a plan for approval.

2 School St. is an ongoing situation. The owner has until July 18th to start doing the necessary improvements. He has contacted the Fire Marshall's office to confirm the requirements as presented to him. The Fire Marshall is coming this Thursday and will tour the building with the Chief.

CIP: The Fire Department meets with the Planning Board on September 11th to update the CIP. Additional SCBA units will be addressed as well a protective clothing. The FD Equipment Capital Reserve Fund needs additional monies as there were no funds added the last two years. This will be further discussed at the next meeting.

The meeting adjourned at 8:30 pm.

Respectfully submitted,

Diana Kindell
Secretary
