

Rumney Fire Commissioners
Meeting Minutes
August 12, 2019

Commissioners present: Chairman Cam Brown and Terry French
Fire Chief: David Coursey
Secretary: Diana Kindell

Chairman Brown opened the meeting at 6:12 pm.

Bills were reviewed with one signed and one left for further review.

CIP: The Planning Board has announced that the CIP schedule would be forthcoming. There are no known changes to be made to the departments' projections. Computer information was provided by the Administrative Assistant for consideration. The annual budgets will also be looked at as due the first of October.

EMS Committee review – no definite word has been received regarding the final report.

Lighting – the quote received for replacing several lights in the building with LED fixtures will be reworked to show a better breakdown. The meeting room is in need of replacement fixtures.

During the recent flooding a Zodiac was brought in from Campton to rescue a family from their camper. There will always be floods and we will not always have Mutual Aid to rely on. Research will be done for the cost and the possibility of a Grant to purchase one for the town.

Hydrant work – several contractors have been approached for bids and to date no one has shown any interest in bidding a small job as they are all busy. A couple more people will be approached and hopefully this job can be completed before cold weather.

Truck repairs and certifications are in limbo waiting for Jay to get free and come here.

The meeting adjourned at 8:00 pm.

Respectfully submitted,

Diana Kindell
Secretary
